that will be left in the cold when we wind up after the 90th day. With the appropriations and revenue bills that we still have to discuss and handle, I feel that we should continue to keep going and you can see that Senator Warner and Senator Carsten are up here now which we will be attempting to try to get things moving along their lines in the near future, so thanks again for your cooperation so far and looking forward to better business accomplishments in the future. Thank you. Mr. Clerk, do you have something you want to say?

CLERK: Mr. President, there certainly is. I have a communication from the Governor addressed to the Clerk. (Read message from the Governor Re: LB432, 465, 170, 173, 375, 536, 538, 369, 463, 306, 180, 272 and 237. See page 1710 of the Legislative Journal.)

Mr. President, with respect to LB 626 the next amendment I have pending is offered by Senator Vickers.

SPEAKER NICHOL: Senator Goodrich.

CLERK: Senator Vickers would move to amend the bill, Mr. President. "On page 10 strike lines 6 through 8 and insert agriculture or agricultural enterprise shall mean the cultivation of land."

SPEAKER NICHOL: Senator Vickers.

SENATOR VICKERS: I would like to ask unanimous consent to withdraw that amendment.

SPEAKER NICHOL: It is withdrawn.

CLERK: The next amendment I have, Mr. President, is offered by Senators DeCamp and Howard Peterson.

SPEAKER NICHOL: Senator DeCamp, are you going to handle that?

SENATOR DeCAMP: Yes. Mr. President, I have got an idea. There is about a dozen amendments here from different people. A lot of them are just technical. I don't think there is going to be that much disagreement on any except a couple. What would be wrong with advancing the bill and getting all these people together and seeing if we couldn't put most of them into one amendment here in the not too distant future? Would anybody object to that? Chris has some, Beutler. I think he would be willing to do that.

SPEAKER NICHOL: Senator Vickers, did you wish to respond?
